 Google Scholar

Summary

Passionate Computer Engineer and Erasmus Mundus Scholar. Solid experience in DevOps, System Administration, and Artificial Intelligence security research. Currently completing a double Master's degree in Cybersecurity and holding a CCNA certification.

Education

Eras-	Kadir Has University & SRH Berlin University of Applied Sciences , Applied Cyber-	Istanbul & Berlin
mus Mundus	University (CyberMACS)	Sept 2024 – Sept 2026
Dou-	Selected among the top 32 students from over 1,000 applications	
ble Master's	- Received a fully funded scholarship given to the top applicants - GPA: 3.48/4.00 (KHAS), 1.8 (SRH)	
BSc	American International University-Bangladesh (AIUB) , Electrical and Electronics Engineering	Dhaka, Bangladesh
	- Received multiple awards and studied on a full scholarship since admission - Graduated top of class with a CGPA of 3.98/4.00 (1.03 German scale) - Received Best Project Award for Thesis/Capstone Project	Sept 2019 – Sept 2023
Pear-	Mount Royal Academy , International British Curriculum	Bangladesh
son		June 2017 – June 2019
Edex-		
cel		
IGCSE		
and A-		
Levels		

Experience

Cyberforce , Cybersecurity Intern	Istanbul, Turkey
- Developed internal tools for security testing of LLM/ML models from PyTorch, TensorFlow, Keras, Sklearn, and XGBoost, detecting insecure serialization formats inside Docker containers and malware-corrupted models to prevent model serialization attacks - Conducted on-site and offline penetration testing of ML and LLM models; completed all levels of the Gandalf and Prompt Airlines CTFs - Gained practical knowledge of ISO 27001 through internship training - Penetration tested various HackTheBox systems, gaining practical knowledge of web security	June 2025 – Sept 2025 4 months
SECOM Technologies Ltd. , System Administrator	Dhaka, Bangladesh
- Managed Linux, macOS, and Windows virtual machines supporting internal business applications - Administered Proxmox virtualization infrastructure and used Ansible playbooks	Mar 2023 – Aug 2024 1 year 6 months

Grameenphone (Telenor) , ICT and DevOps Intern - Automated ICT workflows and built an internal tool to monitor monthly product revenues across 8 products, presenting them on a dashboard - Worked on the system architecture formation of Grameenphone Alo, a proprietary IoT platform - Extensively worked on hybrid-cloud architectures and Kubernetes, and on secure CI/CD deployment through Jenkins, Docker, and Terraform - Conducted on-site surveys of Grameenphone datacenters	Dhaka, Bangladesh Jan 2023 – June 2023 6 months
Dignitus International School , IT Educator - Educated students from grade 8 to 10, with multiple A* achievements in taught subjects for board exams - Maintained lesson plans and liaised with the international education board Edexcel	Narayanganj, Bangladesh July 2017 – July 2019 2 years 1 month

Projects

Master's Thesis: Security Analysis of Machine Learning Artifacts in Containerized AI Supply Chains - Conducted security analysis of containerized ML systems to measure prevalence and distribution of embedded model artifacts across Docker ecosystems - Identified security risks in ML supply chains by statically analyzing model files (PyTorch, TensorFlow, ONNX, Pickle) for unsafe serialization and code execution vulnerabilities - Built an automated pipeline to extract container filesystems and scan ML artifacts, generating empirical insights into real-world deployment risks	Jan 2026 – present
Linux Home Server (HomeLab) - Built from scratch and maintains a Debian-based home server for security research, home automation, and media consumption - Follows DevOps practices and maintains high uptime - Technology stack: WireGuard, Docker Compose, Proxmox	Ongoing
Bachelor's Capstone: Long-Range Off-Grid Communication System Deployed with Amphibious Rovers - Built a mesh communication system using LoRa modulation for deployment in disaster scenarios via amphibious rovers - Provides text messaging and location-based communication services for affected users in disaster zones	Jan 2023 – Sept 2023

Publications

Reputation and Energy-Aware Dynamic Hybrid Consensus (READ-HC) Model for IIoT S. Mitra, V. S. Sable, <i>Danium S. Syed</i> 10.31585/jbba-8-2-(3)2025 (The Journal of The British Blockchain Association)	July 2025
Design and Feasibility Analysis of a LoRa Based Communication System for Disaster Management <i>Danium S. Syed</i> , S. B. Hossain, A. Islam, T. A. I. Jim, M. Saniat, R. Zishan (AIUB Journal of Science and Engineering (AJSE), 23, 135-144)	Aug 2024
Security Analysis of Machine Learning Artifacts in Containerized AI Supply Chains <i>Danium S. Syed</i> (Submitted to Springer Lecture Notes in Computer Science (LNCS) conference proceedings)	Sept 2026
Explainable Botnet Detection Using Flow-Based Random Forest Classification and OS-INT Validation A. Razan, E. O. Njoku, <i>Danium S. Syed</i> , N. Nachevski (Proc. CIIT 2026)	Jan 2026

Honors and Awards

- 5th Place (All Solves), CYBERUS Spring School CTF Competition — Lorient, France (2026)
- 2nd Place (All Solves), CyberMACS Winter School CTF Competition — Istanbul, Turkey (2025)
- Erasmus Mundus Full Scholarship, EMJM in Applied Cybersecurity — Turkey/Germany (2024)
- Dean's Best Project Award, AIUB — Dhaka, Bangladesh (2023)
- Dean's List Scholarship, AIUB — Dhaka, Bangladesh (2019)
- Freedom Fighter's Scholarship, AIUB — Dhaka, Bangladesh (2019)
- Edexcel High Achiever's Award, IGCSE/Grade 10 — Dhaka, Bangladesh (2017)
- Featured in The Daily Star and The Daily Sun, IGCSE/Grade 10 — Dhaka, Bangladesh (2017)

Certifications

- Building Resilience: Navigating Vulnerability, Risks, and Continuity in a Dynamic World — CyberMACS (2026)
- Cisco Certified Network Associate (CCNA), CSC014934967 — Cisco (2025)
- The Bits and Bytes of Computer Networking — Google/Cisco, Coursera (2020)

Skills

DevOps: AWS, Docker, Kubernetes, Terraform, Jenkins, GitHub Actions

System Administration: Linux, Networking, Virtualization, Containers, Git

Privacy & AI Security: Differential Privacy, Agentic AI, PyTorch, TensorFlow, vLLM/Ollama

Security Analyst: Microsoft Sentinel, IDS, Threat Intelligence (MITRE ATT&CK), Incident Response, Jira

Scripting: Python, JavaScript, Bash, LaTeX

Languages: English (IELTS 8.0), Bengali (Native), Turkish (A1), German (A1, ongoing studies)
